Prospectus

Where the mind is without fear
and the head is held high;
Where knowledge is free;
Where the world has not been broken up
into fragments by narrow domestic walls;
Where words come out from
the depth of truth;
Where tireless striving stretches its arms
towards perfection;
Where the clear stream of reason
has not lost its way into the
dreary desert sand of dead habit;
Where the mind is led forward by thee
into ever-widening thought and action-
Into that heaven of freedom,
my Father, let my country awake

- **Rabindranath Tagore**

Patron's & Managing Director Massege

I take pride in stating that GR Academy khalilbad has been successful in proving true the words of Willa A. Foster – "Quality is never an accident; it is always the result of high intention, sincere effort, intelligent direction and skillful execution; it represents the wise choice of many alternatives."

This institution has carefully truded up the road of achievements, consistently striving for betterment and has carved a niche for itself in the education fraternity. I wish it well for the future and hope to see this institute and its members reach the pinnacle of their success.

Sh. Ashutosh Tiwari
Patron GR Academy

Great pleasure embraces me as I use this forum once again to communicate with that bracket of society which in togetherness with the school fraternities are entrusted the mammoth task of chiselling the lives of the future generations. It is our privilege, and a huge responsibility I must add, that we as educators and you as parents shoulder- that of educating the young minds and souls.

Perhaps the greatest of all pedagogical fallacies is the notion that a person learns only the particular thing he/she is studying at the time. Collateral learning is the formation of enduring attitudes, the ability to differentiate between good and evil, may be and often is as important as the math lesson that is learnt! For these attitudes are fundamentally what count in the future.

My team at GR Academy believes in providing a comprehensive learning experience to our learners which will make education not only an integral part of life but a way of life itself.

Sh. Prince Tiwari
M.D. GR Academy

Education is to be enjoyed and imbibed for life and is the best route to improve the world in which we live.

GR Academy provides its students safe, nurturing environment where faculty and staff "go the extra mile" to meet their needs. Apart from inspiring students to achieve best possible academic results they are encouraged to acquire habits of curiosity, mental flexibility, self-discipline and maintain openness of mind, dignity of conduct and mutual respect in the background of social, cultural and linguistic diversity.

No matter how long students stay with us, **GR Academy** will have a deep and lasting effect in shaping their lives by developing a confident understanding of their role in international society.

Mission & Vision

We at GR Academy, Khalilabad focus our dedication towards evoking a passion for learning and developing the requisite set of attitudes, skills and knowledge that enable our learners to maximize their potential towards becoming positive, responsible and well informed participants in our democratic and rapidly progressing global community. It is with this ambition that we work towards developing an environment which fosters social accountability, national pride and a curiosity which triggers the mood for self-learning through self-initiation.

On this ethos rest the pillars of our foundation. Our **MISSION** statement therefore holds true when we say that:

"We aspire to walk our learners down the road which leads them to develop, a thirst for

knowledge such that its discovery leads to the enrichment of life for them as individuals and the community at large."

It is through this mission that we wish to realize our **VISION**...that of moulding our students into

- Academically competent persons
- Individuals with exemplary behaviour
- Inquirers and investigators
- Logical and rational thinkers
- Responsible national and global citizens
- Exhibitors of social and environmental goodwill
- Individuals with empathy towards one and all

GR Academy Khalilabad, has been established with the single minded perseverance of carrying forward the legacy of its parent organization- that of being an institute which is a compendium of holistic education and over all development of a child.

Our talented, diverse communities of students and teachers have enabled us to build a close-knit supportive team of enthusiastic learners of all ages. Ample scope for development of the students is ensured by the positive physical environment of the school. Lush-green lawns, spacious and well ventilated class-rooms facilitate both- the physical as well as the social environment of the school. These comfortable surroundings allow the students to develop optimally.

Constant enhancement of teaching skills of the staff at GR Academy guarantees that our teachers are competent to handle the different needs of learners.

With provision for Nursery and KG schooling, GR Academy Khalilabad offers the Secondary of schooling in affiliation with the Central Board of Secondary Education (CBSE), which is the largest School Education Board in the country for primary, secondary and higher secondary education.

Security Guard in the school premises and a fleet of buses for safe passage of each child to school and home ensures maximum safety of our students.

GR Academy Khalilabad is affiliated to the "Central Board of Secondary Education (CBSE)," a widely recognized and highly regarded school board in the country following the 10+2 pattern of education. At GR Academy Khalilabad, we provide an effective framework for education through a relevant, broad, balanced, rigorously-taught and monitored curriculum. We place great importance on educating the 'whole child' at their individual level of ability and potential to ensure a happy learner.

School today is no longer confined to class room instruction. We believe that school is much more than academic lessons and qualifications. Many of the most important lessons are those which students learn as part of team games, cross fertilizations of ideas, competitions and collaborative work

To pave the way for such non-cognitive learning we organize a variety of competitions and cultural events which also support formal learning. A sense of belonging and loyalty are promoted in the students by dividing them into four different houses. Inter class/house competitions such as debate, recitation, fancy dress, group song, folk dance, rangoli, art and craft etc. provide learning experiences which enrich the educational and social development of the students.

Morning assemblies arranged class wise on rotational basis is a forum for the students to address a large audience and express themselves. Every student is encouraged to participate indiscriminately with the intention of nurturing and developing inner talents. Activity clubs allow the learners to pursue any interest of their choice.

Hand in hand with class-room education, such events provide the students with an opportunity to be a part of a broad spectrum of activities which promote the development of a "Complete Being". Some of these activities are:

- Dramatics
- Literary Activities
- Quiz
- Art / Craft
- Music & Dance
- Games & Sports : Cricket, Table Tennis, Lawn Tennis, Chess, Football, Swimming, Skating, Basketball.

Activities in Pre-Primary Section Related to

- Sensory Education
-Recognize sounds, Textures etc.
- Motor Development
-Colouring, Scribbling, Climbing stairs, Stringing beads, Clay modeling etc.

Curriculum & Co-curricular Activities

Looking Forward

"It's better to look ahead and prepare than to look back and regret." - Jackie Joyner-Kersey
GR Academy has contributed to the society in the form of many successful professionals and whole some citizens. As part of our future endeavors, we look forward to guiding our students down the exemplary path that many previous GRians all around have walked on.

The future generations are in our hands, and we eagerly await the challenge of training them to not only reason in terms of traditional disciplines, but also in developing the ability to use this training in creative thinking and problem-solving that in most instances tends to merge understanding from a number of different perspectives.

Our visualization for tomorrow is learners who have acknowledged the potential of the advancement and diffusion of knowledge as the only guardian of the future - a tool which will assist them in shaping their tomorrow into a blissful merger of ethics, responsibility, courage, sensibilities and success.

E-Learning

The technology age has made its way into our class-rooms as well. It's the time where students relate more to computers and laptops than to text books!

A student who is not familiar with the use of computers is almost handicapped in today's age. Our school has more than 100 computers with 24-hour internet connectivity under its roof. Fully Air conditioned spacious computer laboratory furnish all requisite modern computer peripherals like printers, scanners, audio-visual equipments and CD-writers which aid the computer education. All branded computers are supported by licensed software programs such as MS-Office, Corel Draw, and Adobe Photoshop along with programming language C, C++ and similar more.

Our computer networking system has also made it easy for us to communicate important messages to parents via the SMS server. This makes it easy for us to reach the large parent community almost within no time in case of need. The ESP software assists us in school management programmes.

Stepping Beyond The School Gates

The world today is a global village. The lands and opportunities are endless. As part of our education system, we wish to prepare our learners to become globally responsible citizens who can hold their own fort and individuality at any given point in time.

This aspiration makes education a challenging process and takes it beyond imparting text book knowledge. It means developing a sensitive attitude, empathy and rational thinking.

We believe that the responsibility of our students does not end once they step outside the school campus or the comfort of their homes, but as responsible citizens increases two folds. As citizens of the 21st century, we need to instill in our learners appreciation for social cultures, differences in individuals and high level of thinking skills where they can differentiate between right and wrong.

As members of a society our students must have the ability to recognize the interdependence of people around the world, and realise that social and economic injustice, racial and ethnic inequality, and ecological loss affects all people.
